

Shift Report — SBAR (0700)

James Carter | MRN 771024 | Room 412-A

From: Taylor Nguyen, RN — Night Shift

To: Day Shift / Student Nurse

Time: 0700 report

Patient: James Carter, Room 412-A — T2DM, leg infection

SBAR Handoff

S

Situation

Confused at breakfast. Sweating and shaky. POC glucose 54 mg/dL at 0630.

B

Background

T2DM on insulin. Admitted for leg infection. Did not eat much last night.

A

Assessment

BG 54, HR 108, confused. Glucose was 118 at 0200 and 92 at 0430.

R

Recommendation

Treat at bedside with 15 g fast carbs (juice or glucose tabs). Stay with him. Recheck in 15 min. Hold breakfast insulin if BG is under 70.
